Innovation and technology  
applied to ultra-defined finishes  
with striking natural reliefs and a  
definitive realism.

Description

Balanced, functional and rich in details, this is Riviere, the new Roca Tiles collection developed with InTech+ technology. Riviere is inspired by the serenity and natural elegance of Limestone. Its calm and contemporary base is enriched by very subtle veins that bring a light movement to the whole, evoking the mark of time on the rock and giving each environment a genuinely organic look and ambience.

Available in Beige and Grey shades, Riviere is the perfect choice for those looking for a wall covering capable of transmitting warmth and modernity at the same time. The beige version, more luminous and warm, creates serene and welcoming atmospheres, while the grey tone adds an urban and minimalist nuance. Both variants share the same level of precision in their design, thanks to InTech+, which guarantees natural transitions between veins and faint chromatic variations, without losing the overall harmony of the surface.

Complementary

- Malla Diamond Copper (30x30)
- Enya Deko Caliza (60x120 R)
- Fez Deko Terracota (60x120 R)
- Harmony Bone y Moka (7,7x30,5)

Coordinated

- Kenia Roble (20x120 R and 29.5x120 R)
- Marble Crema Delicato (120x280 R, 120x120 R and 60x120 R)
- Kasbah Arena (60x120 R)

Marble Calacatta Oro reinterprets one of the most precious marbles in a contemporary way, with its distinctive veining in milk tones that flowing naturally over a snowy white base. This chromatic contrast is given new life in a porcelain tile available in two finishes: Silky+ and polished. The former provides a soft, velvety texture, perfect for those seeking an elegant aesthetic with a hint of warmth; the latter intensifies the light evenly, maximising its marble appearance.

Complementary

- Mesh Diamond Silver (30x30)
- Jade Deko Verde (60x120 R)
- Suite Panama Roble (30x90 R)

- Kasbah Arena (60x120 R)

- Panama Roble (20x120 R)

## A collage of various interior design materials. It includes a large white marble tile with grey veining, a solid light beige tile, a light-colored wood-look plank, a dark green wallpaper with a brown leaf pattern, a dark grey hexagonal metal tile, and a light-colored stone tile. A dried, brown plant stem with feathery seed heads is placed diagonally across the center, overlapping several of the materials.
